INFORMATION CIRCULAR

(Containing information as at March 25, 2019 unless indicated otherwise)

This management information circular (the “Information Circular”) is furnished in connection with the solicitation of proxies by the management of Avesoro Resources Inc. (the “Company”) for use at the annual general meeting (the “Meeting”) of the common shareholders (the “Shareholders”) of the Company (and any adjournment(s) or postponement(s) thereof) to be held at the offices of Joh. Berenberg, Gossler & Co. KG, 60 Threadneedle Street, London EC2R 8HP, United Kingdom, on Thursday, April 25, 2019 at 10:30 a.m. (British Summer Time) for the purposes set forth in the accompanying notice of meeting (the “Notice of Meeting”).

GENERAL PROXY INFORMATION

Solicitation of Proxies

While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the regular employees of the Company at nominal cost. All costs of solicitation by management will be borne by the Company. In accordance with *National Instrument 54-101 - Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares of the Company (the “Common Shares”) held of record by such persons, and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in so doing. The cost hereof will be borne by the Company. The Company does not send proxy-related materials directly to Beneficial Shareholders and is not relying on the notice-and-access provisions of applicable securities laws for delivery of proxy-related materials to either registered or Beneficial Shareholders.

The contents and the sending of this Information Circular have been approved by the directors of the Company.

Appointment and Revocation of Proxies

The individuals named in the accompanying form of proxy (the “Form of Proxy”) are Loudon Owen, a non-executive director of the Company, and Geoff Eyre, the Chief Financial Officer and director of the Company (the “Management Proxyholders”). **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER OF THE COMPANY) TO REPRESENT HIM OR HER AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF THE MANAGEMENT PROXYHOLDERS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER PROPER FORM OF PROXY.** The completed Form of Proxy will not be valid unless it is received by Computershare Investor Services Inc., 8th Floor, 100 University Avenue, Toronto, Ontario, Canada M5J 2Y1, in the case of Shareholders whose Common Shares are registered in Canada, by 10:30 a.m. (British Summer Time) on April 23, 2019.

In addition to any other manner permitted by law, a proxy may be revoked before it is exercised by instrument in writing executed in the same manner as a proxy and deposited at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any

adjournment(s) or postponement(s) thereof, at which the proxy is to be used or with the Chairman of the Meeting on the day of the Meeting, or any adjournment(s) or postponement(s) thereof, and thereupon the proxy is revoked.

A Shareholder attending the Meeting has the right to vote in person and, if he or she does so, his or her proxy is nullified with respect to the matters such person votes upon and any subsequent matters thereof to be voted upon at the Meeting or any adjournment(s) or postponement(s) thereof. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

Advice to Beneficial Shareholders

Only registered Shareholders or duly appointed proxyholders are permitted to vote in person at the Meeting. Shareholders who do not hold their Common Shares in their own name (referred to herein as “**Beneficial Shareholders**”) are advised that only proxies from Shareholders of record can be recognized and voted at the Meeting.

If the Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in such Shareholder’s name on the records of the Company. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for the Canadian Depository for Securities, which acts as nominee and custodian for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers/nominees are prohibited from voting shares for their clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting. The directors and officers of the Company do not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

In accordance with NI 54-101, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Form of Proxy to the clearing agencies and intermediaries for onward distribution to non-registered Shareholders. Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of the Meeting unless the Beneficial Shareholders have waived the right to receive Meeting materials. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often the Form of Proxy supplied to a Beneficial Shareholder by its broker is identical to the Form of Proxy provided by the Company to the registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholders. Should a Beneficial Shareholder receiving such a form wish to vote at the Meeting, the Beneficial Shareholder should strike out the names of the Management Proxyholders named in the form and insert the Beneficial Shareholder’s name in the blank provided. All references to Shareholders in this Information Circular and the accompanying Form of Proxy and Notice of Meeting are to registered Shareholders unless specifically stated otherwise.

Holders of depositary interests (the “**Depositary Interests**”) shall be invited to attend the Meeting by Computershare Company Nominees Limited in its capacity as custodian for the Depositary Interests and on behalf of the Company. If you are a holder of Depositary Interests in the Company, please fill in the Form of Instruction (the “**Form of Instruction**”) provided and return such Form of Instruction to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY, United Kingdom, by 10:30 a.m. (British Summer Time) on April 18, 2019. The completion and return of the Form of Instruction will not preclude you from attending the Meeting and voting in person if you so wish. Should you wish to attend the Meeting and/or vote at the Meeting please notify Computershare Investor Services PLC in writing at the address above or email !UKALLDITeam2@computershare.co.uk.

In all cases, Beneficial Shareholders should carefully follow the instructions of their intermediary, including those regarding when, where and by what means the voting instruction form or Form of Proxy must be delivered.

Electronic voting instructions via the CREST voting system

Depository Interest holders who are CREST members and who wish to issue instructions through the CREST electronic voting appointment service may do so by using the procedures described in the CREST manual (available from www.euroclear.com/CREST). CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting services provider(s), who will be able to take the appropriate action on their behalf.

In order for instructions made using the CREST service to be valid, the appropriate CREST message (a CREST Voting Instruction) must be properly authenticated in accordance with the specifications of Euroclear UK & Ireland Limited (“EUI”) and must contain the information required for such instructions, as described in the CREST manual.

The message, regardless of whether it relates to the voting instruction or to an amendment to the instruction given to Computershare Investor Services PLC must, in order to be valid, be transmitted so as to be received by Computershare Investor Services PLC (CREST ID 3RA50) by 10:30 a.m. (British Summer Time) on April 18, 2019. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the CREST voting instruction by the CREST applications host) from which Computershare Investor Services PLC is able to retrieve the CREST voting instruction by enquiry to CREST in the manner prescribed by CREST.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that EUI does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the transmission of CREST voting instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that the CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a CREST voting instruction is transmitted by means of the CREST service by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST voting instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

You may not use any electronic address provided in this document to communicate with the Company for any purposes other than those expressly stated.

Voting of Proxies

All Common Shares represented by properly executed proxies will be voted or withheld from voting (including the voting on any ballot) in accordance with the instructions of the Shareholder, and if the Shareholder specifies a choice with respect to any matter to be acted upon at the Meeting, the Common Shares represented by the proxy shall be voted in accordance with such specification.

IF NO CONTRARY INSTRUCTIONS ARE INDICATED OR IF NO CHOICE HAS BEEN PROVIDED WITH RESPECT TO MATTERS WHICH ARE ADDRESSED BY THE NOTICE OF

MEETING AND THIS INFORMATION CIRCULAR, THE COMMON SHARES REPRESENTED BY PROXIES WILL BE VOTED IN FAVOUR OF ALL MATTERS SET OUT IN THE NOTICE OF MEETING.

The enclosed Form of Proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting, or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed Form of Proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Information Circular, the management of the Company knows of no such amendment, variation or other matter which may be presented to the Meeting.

Corporate Cease Trade Orders and Bankruptcies

No proposed director of the Company, other than Mr. Owen, is, as at the date of this Information Circular, or has been, within 10 years prior to the date hereof, a director, chief executive officer or chief financial officer of any company (including the Company), that:

- (a) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30

consecutive days, that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or

- (b) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days, that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

Mr. Owen served as a director of Hanfeng Evergreen Inc. (“**Hanfeng**”) until February 24, 2014. On February 19, 2014, a temporary cease trade order was issued by the Ontario Securities Commission against Hanfeng for failure to file: interim financial statements for the six-month period ended December 31, 2013; management’s discussion and analysis relating to the interim financial statements for the six-month period ended December 31, 2013; and certification of the foregoing filings as required by National Instrument 52-109 – *Certification of Disclosure in Issuers’ Annual and Interim Filings*. Such temporary cease trade order was replaced by a permanent cease trade order dated March 3, 2014. The securities commissions of each of Quebec, Alberta Manitoba, and British Columbia have also issued permanent cease trade orders against Hanfeng.

As a result of not filing its annual financial statements, management’s discussion and analysis and related certifications for the year ended December 31, 2012 by the filing deadline, Echelon Capital Corp. was made subject to a temporary cease trade order on May 13, 2013, later made permanent on May 24, 2013, by the Ontario Securities Commission. Mr. Owen had been a director and the Chief Executive Officer of Echelon Capital Corp. but resigned both positions on April 30, 2013, prior to said cease trade order coming into effect. Echelon Capital Corp. was delisted from the TSX Venture Exchange on September 26, 2013.

No proposed director of the Company is, as at the date hereof, or has been within 10 years prior to the date hereof, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets except that Mr. Owen served as a director of The Fight Network Inc., which filed for bankruptcy proceedings in October 2010. Mr. Owen ceased being a director of the Fight Network Inc. in October 2010.

Personal Bankruptcies

No proposed director of the Company or any personal holding company of such person has been, within the 10 years prior to the date hereof, bankrupt or become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Penalties or Sanctions

No proposed director of the Company or any personal holding company of such person has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or

- (b) or any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for the director.

Majority Voting Policy for Elections of Directors

Under the CBCA (the Company's governing corporate legislation), director elections are based on the plurality system, where shareholders vote “for” or “withhold” their votes in respect of a director. Votes withheld are not counted, with the result that, technically, a director could be elected to the board with just one vote in favour. The Board believes that each of its members should have the confidence and support of the Shareholders. On May 11, 2015, the directors unanimously adopted a majority voting policy (the “**Majority Voting Policy**”). Each of management’s nominees for election to the Board at the Meeting has agreed, and all future nominees will be required to agree, to abide by the Majority Voting Policy. The Majority Voting Policy states that if, in an uncontested election, a director nominee has more votes withheld than are voted in favour of him or her, the nominee will be considered by the Board not to have received the confidence and support of the Shareholders, even though duly elected as a matter of corporate law. Such nominee will be required forthwith to submit his or her resignation to the Board, effective upon acceptance by the Board. The Board will consider the resignation and, except in special circumstances that would warrant the continued service of the director on the Board, the Board will be expected to accept the resignation. Within 90 days after the meeting, the Board will make its decision and announce such decision by news release.

Appointment of Auditors

BDO LLP, Chartered Accountants, the current auditors of the Company, have been the auditors of the Company since April 5, 2011. At the Meeting, Shareholders will be requested to re-appoint BDO LLP as the Company’s auditors to hold office until the next annual meeting of Shareholders or until a successor is appointed, and to authorize the Board to fix the auditors’ remuneration. The resolution re-appointing BDO LLP as the Company’s auditors and authorizing the Board to fix the auditors’ remuneration will require the affirmative vote of a majority of the votes cast thereon at the Meeting.

THE PERSONS NAMED IN THE ENCLOSED FORM OF PROXY INTEND TO VOTE FOR THE REAPPOINTMENT OF BDO LLP, CHARTERED ACCOUNTANTS, AS AUDITORS OF THE COMPANY, TO HOLD OFFICE UNTIL THEIR SUCCESSOR IS APPOINTED AND TO AUTHORIZE THE DIRECTORS TO FIX THEIR REMUNERATION, UNLESS THE SHAREHOLDER HAS SPECIFIED THAT THE COMMON SHARES REPRESENTED BY SUCH PROXY ARE TO BE WITHHELD FROM VOTING IN RESPECT THEREOF.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Company’s executive compensation philosophy, objectives, and processes and to discuss compensation decisions relating to the Company’s executive officers. The Company’s executive compensation program is available as appropriate to its NEOs. A “NEO” is defined by applicable securities legislation to mean each of the following individuals, namely: (i) the President and Chief Executive Officer of the Company; (ii) the Chief Financial Officer of the Company; (iii) each of the Company’s three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and the Chief Financial Officer, at the end of the most recently completed financial year whose total compensation was, individually, more than C\$150,000 for that financial year; and (iv) each individual who would be a NEO under (iii) above but for the fact that the individual was neither an executive

officer of the Company nor acting in a similar capacity, at the end of the most recently completed financial year-end.

During the year ended December 31, 2018, the only NEOs of the Company were Serhan Umurhan (Chief Executive Officer) and Geoff Eyre (Chief Financial Officer).

Remuneration and Nomination Committee

The Board has established a Remuneration and Nomination Committee comprised of Messrs. Netherway (Chairman), Martin and Owen, each of whom is a non-executive director of the Company and “independent” within the meaning of National Instrument 58-101 - *Disclosure of Corporate Governance Practices* (“**NI 58-101**”). All of the members of the Remuneration and Nomination Committee have had direct experience in matters of executive compensation that is relevant to their responsibilities as members of such committee by virtue of their respective professions and long-standing involvement with public companies and matters of executive compensation. In addition, each member of the Remuneration and Nomination Committee keeps abreast on a regular basis of trends and developments affecting executive compensation.

The Remuneration and Nomination Committee’s responsibilities include: (i) determining and agreeing with the Board the framework or broad policy for the compensation of the Company’s Chief Executive Officer, the Chairman of the Board, the executive directors, the officers, the Company’s secretary and the executive management and senior management of the Company; (ii) ensuring that the executive directors and officers are fairly rewarded for their individual contributions to the overall performance of the Company; (iii) determining all elements of the compensation of the executive directors and officers; (iv) demonstrating to the Company’s shareholders that the compensation of the executive directors and officers is set by a committee of the Board, whose members have no personal interest in the outcome of the Remuneration and Nomination Committee’s decision and who will have appropriate regard to the interests of the shareholders; (v) reviewing the composition of the Board and ensuring that the Board has an appropriate mix of skills, diversity and experience to properly fulfil its responsibilities; (vi) considering nominations for potential candidates to act as directors of the Company; and (vii) performing such other duties and responsibilities as may be consistent with its charter.

The Remuneration and Nomination Committee takes into account all factors it deems necessary when determining the Company’s compensation policy, the objective of which shall be to ensure that executive officers and management are provided with appropriate incentives to encourage enhanced performance and are, in a fair and responsible manner, rewarded for their individual contributions to the success of the Company.

Compensation Process

The Board relies on the knowledge and experience of the members of the Remuneration and Nomination Committee to set appropriate levels of compensation for executive officers. Neither the Company nor the Board currently has any contractual arrangement with any executive compensation consultant who has a role in determining or recommending the amount or form of executive officer compensation. The Remuneration and Nomination Committee reviews the various elements of the NEOs’ compensation in the context of the total compensation package (including salary, benefits and awards under the Option Plan and STIP) and recommends and approves the NEOs’ compensation packages.

The Remuneration and Nomination Committee has considered the risk implications of the Company’s compensation policies and practices and has concluded that they are appropriate for the Company’s industry and stage of business and that there is no appreciable risk associated with such policies and practices as such policies and practices do not have the potential of encouraging an executive officer or other applicable individual to take on any undue risk or to otherwise expose the Company to inappropriate or excessive risks.

In forming this conclusion, consideration was given to the limited compensation-related risks within the Company and the involvement and authority of the Board in both compensation and risk management oversight. Furthermore, although the Company does not have in place any specific prohibitions preventing a NEO or a director from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of stock options or other equity securities of the Company granted in compensation or held directly or indirectly, by the NEO or director, the Company is unaware of the purchase of any such financial instruments by any NEO or director.

During the year ended December 31, 2018, the Company did not retain a compensation consultant or advisor to assist the Board or Remuneration and Nomination Committee in determining compensation for the Company's executive officers and directors.

Compensation Program - Principles and Objectives

The primary goal of the Company's executive compensation program is to attract, motivate and retain top quality individuals at the executive level. The program is designed to ensure that the compensation provided to the Company's NEOs is determined with regard to the Company's business strategy and objectives and financial resources, and with the view of aligning the financial interests of the executive officers with the financial interests of the Company's shareholders.

Compensation Program - Design and Analysis of Compensation Decisions

Standard compensation arrangements for the Company's NEOs are composed of the following elements, which are linked to the Company's compensation and corporate objectives as follows:

Compensation Element	Link to Compensation Objectives	Link to Corporate Objectives
Base Salary	Attract and retain	Competitive pay ensures access to skilled employees necessary to achieve corporate objectives. Base salaries are fixed at the commencement of a NEO's employment with the Company and may be adjusted based on competitive market practices, changing roles and responsibilities, the NEO's performance and improvements in job proficiency/competence, and the Company's results and ability to pay.

Compensation Element	Link to Compensation Objectives	Link to Corporate Objectives
Short Term Incentive Plan	Retain, motivate and reward	Short-term incentives reward executive officers for financial and strategic achievements over a one-year period and recognize contributions and achievements in the near term The short-term incentives are tied to performance and are a variable component in the NEOs' compensation.
Stock Options	Motivate and reward, align interests with shareholders	Long-term incentives motivate and reward executive officers to increase shareholder value by the achievement of long-term corporate strategies and objectives. NEOs benefit only if the market value of the Company's common shares at the time of the stock options exercise is greater than the exercise price of the stock options at the time of grant.

Performance and Compensation

The Remuneration and Nomination Committee has not established a strict policy regarding the mix of base salary, short-term and long-term incentives to be paid or awarded to NEOs. STIP (as defined below) and Option Plan awards are not fixed nor guaranteed; they are completely “at risk”. This allows the Remuneration and Nomination Committee to be flexible in tailoring the compensation mix for each NEO to the particular circumstances in effect at the time. The Remuneration and Nomination Committee believes the Company’s compensation programs are reasonable and fair to both NEOs and shareholders, and competitive with compensation made available by the Company’s peers and other mining companies.

Base Salaries

Base salaries for the NEOs are reviewed annually and set to be comparative with industry levels. In addition, in its annual review of base salaries, the Remuneration and Nomination Committee has regard to the contributions made by the respective NEOs, how their compensation levels relate to compensation packages that would be available to such officers from other employment opportunities, commercially available salary survey data and information publicly disclosed by some of the Company’s competitors and sector peers. This process enables the Company to establish base salaries which attract and retain highly qualified and experienced individuals.

The only base annual compensation arrangements for the NEOs as at the date hereof is US\$495,366 payable to Serhan Umurhan as the Chief Executive Officer and US\$374,392 payable to Geoff Eyre as the Chief Financial Officer.

Short Term Incentive Plan

The Short-Term Incentive Plan (“**STIP**”) is an annual cash bonus program in which all non-unionised permanent employees, including the NEOs are eligible to participate. The goal of the STIP is to promote the achievement of short term goals by providing an annual financial incentive based on individual, operational and financial performance. It is also designed to help achieve the overall goals of the Company’s compensation program by providing short term incentives to attract, retain, motivate and reward employees. The STIP awards are based on the Remuneration and Nomination Committee and Board’s assessment of performance against pre-determined financial, operating and individual performance targets. The performance measures, threshold, target and award levels are established by the Remuneration and Nomination Committee, considering management’s performance projections for the year. The amount of any potential STIP award is subject to an overall cap.

The STIP award for the NEOs in 2018 was based on the actual achievement versus target set by the Remuneration and Nomination Committee with respect to certain operational and individual performance targets as set out below.

Financial and Operational Objectives (60%)		
Performance measure	Weighting	2018 Actual Performance Achieved
Gold production, oz	25%	12.5%
Total material movement, Mt	12.5%	5%
Ore production, oz	12.5%	10%

All in sustaining costs US\$/oz sold	15%	0%
Health and safety	10%	5%
Community relations	5%	5%
Environment	5%	5%
Total results achieved		25.5%
Individual Objectives (40%)

Total results achieved		34.5%

See “Statement of Executive Compensation – Executive Compensation – Summary Compensation Table - Annual incentive plans” below for the actual STIP awards made to NEOs during the year ended December 31, 2018.

Options

The grant of stock options (“**Options**”) pursuant to the Option Plan is an integral component of the compensation arrangements of the executive officers of the Company. The Board believes that the grant of Options to executive officers and Common Share ownership by such officers serves to motivate such officers to strive towards achievement of the Company’s long-term strategic objectives, which benefits all the Company’s shareholders. See “Statement of Executive Compensation – Executive Compensation – Incentive Plan Awards” below.

Performance Graph

The following graph compares the percentage change in cumulative total shareholder return on the Common Shares with the cumulative total return of the S&P/TSX Composite Index from December 31, 2013 to December 31, 2018, as if C\$100 was invested on the first day and assuming reinvestment of all dividends.

During the past five years, both commodity and equity markets have experienced considerable volatility. Global commodity prices and general market conditions are significant factors affecting the Company's share price and are beyond the control of management. The Remuneration and Nomination Committee uses a broader analysis than total return on investment when determining the annual compensation of the Company's executive officers. NEOs base salaries are reviewed annually and any increases are based on financial and operational performance objectives that are within management's control. The value of the long-term incentives at a time of grant will also vary based on corporate performance.

The Options granted to the NEOs in the last quarter of 2018 vest over a period of two years as follows: (i) one-half on the first anniversary of the date of grant of the Options; and (ii) one-half on the second anniversary of the date of grant of the Options.

Incentive Plan Awards

The Board believes that the grant of Options to executive officers and Common Share ownership by such officers will serve to motivate such officers to strive towards achievement of the Company's long-term strategic objectives, which will benefit all the Company's shareholders. Options are awarded to the Company's employees based on determinations by the Board. Decisions with respect to Option grants are based upon the individual's level of responsibility and their contribution towards the Company's goals and objectives, and may be awarded in recognition of the achievement of a particular goal or extraordinary service. In determining whether to make any new grants of Options, the Board considers the overall number of Options that are outstanding relative to the number of outstanding Common Shares, previous Option grants as well as the size of such grants.

The following table provides details regarding the outstanding option and share-based awards held by NEOs as at December 31, 2018.

The Option Plan

Purpose and Administration

The purpose of the Option Plan is to attract and retain, and develop and increase the interest of, certain persons in the growth and development of the Company by providing them with the opportunity to acquire a proprietary interest in the Company through the grant of Options.

Under the Option Plan, Options may be granted to “eligible persons”. The term “eligible persons” includes, subject to all applicable laws, directors, officers, employees and consultants of the Company or any person or company controlled by the Company, any employee of a company providing management or administrative consulting services to the Company, and certain “permitted assigns” of the foregoing persons, including: (i) a trustee, custodian, or administrator acting on behalf of, or for the benefit of, such person; (ii) a personal holding corporation of such person; (iii) an RRSP or an RRIF established for the benefit of such person; (iv) a spouse of such person; (v) a trustee, custodian, or administrator acting on behalf, or for the benefit, of the spouse of such person; (vi) a personal holding corporation of the spouse of such person; or (vii) an RRSP or an RRIF established for the benefit of the spouse of such person.

The Option Plan must be administered by the Board and may, in the Board's discretion, be administered by a committee appointed by the Board for that purpose.

The Company qualifies as an “eligible interlisted issuer” as defined under the TSX Company Manual and, accordingly, is permitted to avail itself on the exemption under Section 602.1 of the TSX Company Manual. As an “eligible interlisted issuer”, the Company has applied for and received an exemption pursuant to Section 602.1 of the TSX Company Manual from Section 613 thereof, which relates to security based

compensation arrangements. The Company has relied on this exemption and intends to rely on this exemption for grants of Options under the Option Plan.

Option Grants

The aggregate number of Common Shares which may be issued under the Option Plan shall not exceed 15% of the aggregate number of Common Shares issued and outstanding (calculated on a non-diluted basis) from time to time. As of the date hereof, the Company has outstanding 81,575,260 Common Shares and, accordingly, up to a maximum of 12,236,289 Common Shares (being 15% of the issued and outstanding Common Shares) are able to be reserved for issuance pursuant to Options (of which 4,189,171 Options are currently outstanding, representing 5.14 % of the number of Common Shares outstanding as of the date hereof). As of the date hereof, an aggregate of 48,337 Common Shares, representing 0.06% of the number of Common Shares outstanding, have been issued pursuant to the exercise of Options.

Any Option granted under the Option Plan which has been exercised shall again be available for subsequent grant under the Option Plan, effectively resulting in a re-loading of the number of Common Shares available for grant under the Option Plan. Any Common Shares subject to an Option granted under the Option Plan, which for any reason is surrendered, cancelled or terminated or expires without having been exercised, shall again be available for subsequent grant under the Option Plan.

The number of Common Shares (i) issued to insiders of the Company, within any one-year period, and (ii) issuable to insiders of the Company, at any time, under the Option Plan, or when combined with all of the Company's other security-based compensation arrangements, as applicable, shall not exceed 10% of the Company's total issued and outstanding Common Shares.

Pricing

The purchase price per Common Share subject to each Option granted in the future shall be determined by the Board (or committee appointed by the Board). Such price shall not be lower than the closing market price on the TSX, or another stock exchange where the majority of the trading volume and value of the Common Shares occurs, on the trading day immediately preceding the date of the grant, or if not so traded, the average between the closing bid and asked prices thereof as reported for the trading day immediately preceding the date of the grant; provided that if the Common Shares have not traded on the TSX or another stock exchange for an extended period of time, the "market price" will be the fair market value of the Common Shares at the time of grant, as determined by the Board (or committee appointed by the Board). The Board (or committee appointed by the Board) may determine that the price per Common Share subject to an Option may escalate at a specified rate dependent upon the date on which such Option may be exercised.

Term of Options

Options shall not be granted for a term exceeding 10 years. Options may be exercised by an "eligible person" in whole at any time, or in part from time to time, during the term of the Option, subject to the provisions of the Option Plan. Generally, Options granted under the Option Plan may not be assigned or otherwise transferred by an optionee other than to certain other "eligible persons" and "permitted assigns" or pursuant to a will or by the laws of descent and distribution. However, pursuant to the amendment provision of the Option Plan, the Board has the authority to amend the assignability and transferability provisions of the Option Plan generally or any Options granted to any optionee.

Options granted under the Option Plan may vest at the discretion of the Board (or committee appointed by the Board).

If the termination date of an Option falls during or within three trading days of a blackout period, during which the policies, as applicable, of the Company prevent certain persons from trading in the securities of the Company, the expiry date for such option will be extended for an additional period expiring on the 10th trading day following the end of the blackout period.

Amendment of the Option Plan

The terms of the Option Plan may be amended by the Board without the consent of the Company's shareholders, including, but not limited to, amendments relating to: (a) complying with the requirements of any applicable regulatory authority; (b) complying with the rules, policies and notices of the TSX or of any stock exchange on which the Company's securities are listed; (c) altering, extending or accelerating the terms and conditions of vesting of any Options; (d) extending the term of Options held by a person other than a person who, at the time of the extension, is an insider of the Company; (e) determining, subject to all applicable regulatory requirements, that the provisions of the Option Plan concerning the effect of termination of a participant's status as an "eligible person" shall not apply to a participant for any reason acceptable to the Board; (f) accelerating the expiry date of any Options; (g) amending the definitions contained within the Option Plan; (h) amending the categories of persons who are "eligible persons" and entitled to be granted Options pursuant to the Option Plan; (i) allowing the grant of short-term financial assistance to participants for the purpose of exercising Options granted under the Option Plan, subject to compliance with all applicable regulatory requirements; (j) authorizing the addition or modification of a cashless exercise feature, payable in cash or Common Shares, which provides for a full deduction of the number of underlying securities from the Option Plan reserve; (k) the assignability or transferability of Options; (l) amending or modifying the mechanics of exercise of Options; and (m) amendments of a "housekeeping" nature, including, without limitation, amending the wording of any provisions of the Option Plan for the purpose of clarifying the meaning of existing provisions or to correct or supplement any provision of the Option Plan that is inconsistent with any other provision of the Option Plan. The Board may not, however, without the approval of the Company's shareholders make amendments relating to: (i) a reduction in the price or extension of the term of Options granted to an insider of the Company; (ii) an increase in the fixed percentage of the issued and outstanding Common Shares issuable under the Option Plan; (iii) any amendment to remove to exceed the limitation on the number or percentage of Options that may be issued, or made issuable, to insiders of the Company; and (iv) changes to the amendment provisions of the Option Plan.

The Board may terminate the Option Plan at any time.

Early Termination

In the event of the death of an optionee prior to the expiry date of an Option, such Option may be exercised by the legal representatives of such person at any time up to and including the date which is the first anniversary of the date of death of such person or the expiry date of such Option, whichever is the earlier, after which such Option shall in all respects cease and terminate. In the event an optionee resigns as an employee or officer of the Company or a person or company controlled by the Company, or resigns, is removed or otherwise ceases to be a member of the Board or a board of a person or company controlled by the Company (other than upon the death of such person), all Options granted to such optionee which are then outstanding (whether vested or unvested) shall cease and terminate 90 days after such resignation, removal or other cessation of the term of office of the optionee (or notice thereof) (or such later date on or before the expiry date of the Option as the Board or committee appointed by the Board in its sole discretion may determine). In the event an optionee (a) is an employee or officer of the Company or a person or company controlled by the Company and is discharged by reason of a wilful and substantial breach of such person's employment duties, or (b) is a consultant to the Company and the agreement or engagement between the Company and such consultant is terminated by either party, all Options granted to such person under the Option Plan which are then outstanding (whether vested or unvested) shall cease and terminate upon the date

of notice of such discharge or termination (or such later date on or before the expiry date of the Option as the Board or committee appointed by the Board in its sole discretion may determine). In the event of a termination of employment or engagement of an optionee other than in the event of death or in the circumstances set out above, such person may exercise each Option then held by such person at any time up to and including the 90th day (or such later date as the Board or committee appointed by the Board in its sole discretion may determine) following the effective date upon which the person ceases to be an “eligible person” or the expiry date of such Option, whichever is earlier, after which the Option shall in all respects cease and terminate.

Burn Rate

The following table sets forth annual burn rates of the Options granted under the Option Plan for the fiscal years ended December 31, 2018, 2017 and 2016. The burn rate is calculated by dividing the number of Options granted under the Option Plan during the relevant fiscal year by the weighted average number of securities of the Company outstanding for the applicable fiscal year.

Year	Options Granted	Weighted Average Number of Securities Outstanding ⁽¹⁾	Annual Burn Rate
2018	1,681,000	81,564,000	2.1%
2017	1,745,000 ⁽¹⁾	54,256,004 ⁽¹⁾	3.2%
2016	1,130,460 ⁽¹⁾	11,328,935 ⁽¹⁾	10.0%

(1) The number of Options and the number of securities reflects the one hundred (100) for one (1) share consolidation that took effect on January 24, 2018.

No informed person or any proposed director of the Company, or any of the associates or affiliates of those persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any transaction since the commencement of the Company’s most recently completed financial

year or in any proposed transaction which has, in either case, materially affected or would materially affect the Company or any of its subsidiaries, except as otherwise described in this Information Circular.

For the purposes of the above, “informed person” means: (a) a director or executive officer of the Company; (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company; (c) any person or company who beneficially owns, or controls or directs, directly or indirectly, voting securities of the Company or a combination of both carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company other than voting securities held by the person or company as underwriter in the course of a distribution; and (d) the Company after having purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

MANAGEMENT CONTRACTS

Other than as disclosed herein, there are no management functions of the Company or its subsidiaries which are to any substantial degree performed by a person or company other than the directors or senior officers of the Company or its subsidiaries (or private companies controlled by them, either directly or indirectly).

CORPORATE GOVERNANCE PRACTICES

The Board and management of the Company recognize that effective corporate governance practices are fundamental to the long-term success of the Company. Sound corporate governance contributes to shareholder value through increased confidence. The Board and management are therefore committed to maintaining a high standard of corporate governance and compliance with National Policy 58-201 – *Corporate Governance Guidelines* (the “**Guidelines**”), which establishes the basis for effective corporate governance. NI 58-101 requires that corporations disclose their approach to corporate governance with reference to the Guidelines. The Company’s approach is outlined below.

Board of Directors

Duties and Responsibilities of the Board

The duties and responsibilities of the Board are to: (a) provide entrepreneurial leadership of the Company within a framework of prudent and effective controls which enable risks to be identified, assessed, managed and mitigated; (b) set and approve the Company’s strategy and objectives, operating plans, key transactions, material contracts and budgets; (c) ensure that the necessary financial and human resources are in place for the Company to meet its objectives and review management performance; (d) set the Company’s values and standards and ensure that its obligations to its shareholders and others are understood and met; (e) ensure stewardship in the financial affairs of the Company; and (f) ensure effective communication as it relates to the Company and its business with all stakeholders, including shareholders, employees, the public and other interested parties.

Although the Board does not have a written mandate, in the discharge of its responsibilities, the Board oversees and reviews directly or through its committees, the following matters: (a) the strategic planning process of the Company; (b) an annual operating and capital budget and a business plan for the Company;

(c) identification of the principal risks to the Company’s business and ensuring the implementation of appropriate systems to manage these risks; (d) succession planning, including appointing, training and monitoring senior management; and (e) a communications policy for the Company to facilitate communications with investors and other interested parties.

The Board also has the mandate to assess the effectiveness of the Board as a whole and the contribution of individual directors.

Composition of the Board

The Board is currently comprised of Messrs. Gūnal, Umurhan, Eyre, Netherway, Martin and Owen. All of the Company’s current directors are considered “independent” (as that term is defined in NI 58-101) other than Mr. Umurhan, as he is the Chief Executive Officer of the Company and Mr. Eyre, as he is the Chief Financial Officer of the Company.

The Board believes that it functions independently of management. To enhance its ability to act independently of management, the Board reviews its procedures from time to time to ensure that it can function independently of management. Mr. Owen, the non-executive leading director of the Board, is an independent director and provides leadership to the other independent directors, as required. If and when conflicts arise on the Board, interested parties are precluded from voting on matters in which they may have an interest. In light of the suggestions contained in the Guidelines, the Board convenes meetings of independent directors, at which non-independent directors and members of management are not in attendance, as deemed necessary.

The following is the record of attendance for each director at Board, Audit Committee, Remuneration and Nomination Committee and Corporate Governance and Risk Management Committee (the “**Corporate Governance and Risk Management Committee**”) meetings since the beginning of the Company’s financial year ended December 31, 2018 until the date hereof:

Nomination of Directors

Responsibility for identifying new candidates to join the Board belongs to the Board as a whole and the Remuneration and Nomination Committee. In connection with the nomination or appointment of individuals as directors, the Board and the Remuneration and Nomination Committee consider: (i) the competencies and skills necessary for the Board, as a whole, to possess; (ii) the competencies and skills necessary for each director to possess; (iii) the competencies and skills that each new director nominee will bring to the Company; and (iv) whether or not each new director nominee can devote sufficient time and resources to his

Orientation and Continuing Education

The Company currently does not have in place a formal orientation and education program for new Board members. As new directors join the Board, management provides these individuals with information about the Company, including its corporate plan and strategic direction, and an outline of the general duties and responsibilities entailed in carrying out their role as directors. Information about the Company's projects is available to Board members, who are also encouraged to visit the Company's project sites as appropriate. The members of the Board are experienced professionals in their respective areas of business and are to receive regular updates at Board meetings regarding developments in the exploration and mining industry, the state of the Company's projects, and the political situation in the countries in which the Company operates. Each director shares with the other members of the Board his experiences in the areas in which he has strong professional knowledge and has unlimited access to the Chief Executive Officer of the Company and its other executives and members of management to seek required clarifications regarding the technical aspects of operations of the Company's projects throughout the different stages of development and operation.

Ethical Business Conduct

The Company has adopted a Code of Business Conduct (the "Code"), which is available on SEDAR at www.sedar.com under the Company's profile.

The Code provides that the Company's officers, directors and employees are required to act with honesty and integrity and to avoid any relationships or activities that might create, or appear to create, a conflict between personal interests and the interests of the Company. The Company is committed to providing a healthy and safe workplace in compliance with applicable laws, rules and regulations. The Code affirms the Company's commitment to foster a work environment in which all individuals are treated with dignity and respect.

The Board takes reasonable steps to monitor and audit compliance with the Code. Managers are responsible for communicating the values and principles set forth in the Code to employees. Any violations (including potential violations of the Code) are to be promptly reported to the Board or the Chief Financial Officer. The Code confirms that there will not be any reprisals against an individual who does so in good faith.

In circumstances where a director or executive officer has a material interest in a transaction or an agreement which the Company is considering entering into, the individual is required to fully disclose his or her interest therein and interested members of the Board are precluded from voting on matters in which they may have an interest.

Assessments

The Board does not conduct any formal evaluation of the performance and effectiveness of the members of the Board, the Board as a whole or any committee of the Board. However, the Corporate Governance Committee is responsible for assessing, at least annually, the composition and effectiveness of the Board as a whole, its committees and the contribution of individual directors. Where appropriate, the Corporate Governance Committee is responsible for making recommendations that sitting directors be removed or not re-appointed. In connection with the re-election of directors and the identification of any new nominees, the Corporate Governance Committee reviews annually the qualification of existing directors.

Other Committees

Corporate Governance and Risk Management Committee

The Corporate Governance and Risk Management Committee has been established and is comprised of Messrs. Owen (Chairman), Martin and Netherway, each of whom is a non-executive director of the Company and “independent” within the meaning of NI 58-101. The primary duties and responsibilities of the Corporate Governance Committee include: (i) developing the Company’s approach to corporate governance issues; (ii) evaluating the efficiency of the Board, its committees and their respective chairmen, and each director; (iii) developing Company’s approach to risk management issues; and (iv) performing such other duties and responsibilities as may be consistent with its charter. The Corporate Governance and Risk Management Committee also assists the Board in fulfilling its responsibilities with respect to hiring, evaluation, compensation and succession planning for senior management and other employees.

Audit Committee

The Audit Committee is comprised of Messrs. Martin (Chairman), Netherway and Owen, each of whom is “independent” and “financially literate” as such terms are defined under Canadian securities laws. A detailed description of the Audit Committee together with a copy of the Audit Committee Charter as required by Form 52-110F1 of Multilateral Instrument 52-110 - *Audit Committees*, is included in the Company’s annual information form dated March 28, 2018 and filed on SEDAR at www.sedar.com.

Director Term Limits

Each of the persons elected as a director at the Meeting will serve until the close of the next annual meeting of Shareholders of the Company or until his/her successor is elected or appointed. The Board has not adopted term limits or other formal mechanisms for Board renewal. The Board believes that the imposition of director term limits on a board may discount the value of experience and continuity amongst Board members and runs the risk of excluding experienced and potentially valuable Board members. Notwithstanding the foregoing, the Remuneration and Nomination Committee annually reviews and makes recommendations regarding the size, composition, operation and tenure policies of the Board, with a view to effective decision making.

Gender Diversity on the Board

On May 11, 2015, the Board adopted a diversity policy (the “**Diversity Policy**”) which recognizes the benefits of creating and maintaining diversity throughout the Company that makes use of exposure to different perspectives, including skills, experience, gender and ethnic background. The Company will promote the benefits of, and the need for, extending opportunities to all internal personnel and outside candidates, without distinction as to gender, race, colour, religion, sexual orientation, family or marital status, political belief, age, nationality or ethnic origin, citizenship, disability, or any other basis and will strive for diversity of experience, perspective and education. The Company supports the diversity of all employees, consultants and contractors, and cultivates an environment of fairness, respect and equal opportunity.

The Diversity Policy is designed to support the Company’s commitment to ensuring a diverse mix of skills and talent exists among directors, officers and employees, to enhance Company performance. The Diversity Policy not only focuses on the best quality individuals for the position, but also encourages representation of women at the Board level, in senior management and across the whole organization.

The Board and its Remuneration and Nomination Committee will conduct all Board appointment processes in a manner that promotes equal and fair opportunities, including representation of both men and women at the senior level of the Company and on the Board. Similarly, the management of the Company is responsible for implementing the Diversity Policy, achieving diversity initiatives determined by the Board and its Remuneration and Nomination Committee and reporting to the Board and/or its Remuneration and

Nomination Committee on the progress towards and achievement of the Company's Diversity Policy initiatives.

The Company has not adopted a target regarding the number or percentage of women on the Board. The Remuneration and Nomination Committee, and the Board as a whole, consider the contribution of current Board members and assess the skills and experiences necessary for the Board to function effectively and will recommend candidates they feel best meet those needs. With the adoption of the Diversity Policy and the explicit recognition of the benefits of diversity, including gender diversity, the Company believes that the goal of having talented, knowledgeable persons with diverse experiences, backgrounds and perspectives guiding the Company is achievable without setting formal targets.

The Company has not adopted a target regarding the number or percentage of women in executive officer positions. Like nominations to the Board, candidate recruitment, hiring and promotion are primarily merit-based, but diversity is also important in the decision-making process.

The Company does not currently have any female directors or executive officers.
